Important Details Prior to Arriving

Each Participant **MUST** have both a photo ID and an annual USAT License (or purchase a one day license at packet pickup (See USAT section below for details))

If you do not have an ID you **WILL NOT** be given your race packet.

Each participant must be present to pick up their race number/packet. You will not be allowed to pick up another participants packet.

****PLEASE NOTE: NO EXCEPTIONS WILL BE MADE****

Important Details for Registration & Packet Pickup

- 1) You must pick up your packet on either day between the allotted times or the morning of the race between 5:30am-6:30am, if you've signed up for this time. We suggest you pick up your packet the day prior to the race so you're not rushed on race morning. Your packets will be at all the PPU's, please do not email requesting info on if you signed up for race day PPU as we won't be able to get back to you as we prepare for the event. If you have an emergency and can't make the early PPU's, we won't leave you hanging, and will give it to you at the race.
- 2) You must have a photo ID and a valid USAT Triathlon Card (or one day license) We cannot release your packet to you without a valid Photo ID, no exceptions
- 3) USAT License: If you are an annual USAT Member you must bring your valid USAT card with you at packet pickup. If this is expired you will be required to purchase a one day license for \$15 (Cash & Check only accepted)
- 4) One-Day USAT License: If you are not an annual USAT Member you must purchase the one day license at the time of packet pickup (Cash & Check only accepted)

MUST READ!!!USAT NOTE****

If you registered using the online registration system and you are not an annual member then you already purchased the one day license and the only thing you need to bring is a Photo ID to packet pickup. If you registered using the PDF mail in registration form some of you already included your \$15 fee for the USAT One-Day License, and you'll just need your Photo ID. If you did not include this fee in your mail in registration your registration has been notated and the volunteers at Packet Pickup will notify you that you must pay the required \$15 in order to proceed with picking up your packets (Cash & Check only accepted). Again if you are not an annual USAT Member then there is nothing regarding a USAT License to bring with you, just bring your PHOTO ID, and an extra \$15 just in case you didn't pre-pay the one day fee. We wouldn't want you to not be able to race due to not being able to pick up your packet (it's a USAT insurance thing). Please do not email us requesting confirmation of whether you paid this fee or not, there is no way we would be able to respond to everyone as we will be busy setting up for the event.

This is a list of the packet pickup procedures to ensure a quick & easy process for you & all the athletes as well as to ensure that there are no surprises come race day.

- 1) Ensure you have a Photo ID & Valid USAT Card (if applicable) with you prior to your arrival. If you're not an annual USAT Member bring an extra \$15 just to be safe.
- 2) Upon arrival there will be a registration tent with a black Without Limits Productions Registration Flag showing, go to this tent first.
- 3) Present your Photo ID and valid USAT Card (if applicable) to the registration volunteer. If you need to sign a waiver or still owe \$15 for the annual one-day license, you will handle it right there.
- 4) Once you have your race number packet, which contains a swim cap (with your corresponding Swim Wave # assignment), then proceed to the T-shirt/Goodie Bag pickup right next to the race # packet pickup.
- 5) Present your race # packet to the T-shirt volunteer as it will show what size T-shirt you ordered. Collect your T-shirt & Goodie Bag and you're all done.
Note, you will not be able to switch T-shirt sizes until AFTER the race. What you ordered is what you will get. Swaps can be made after the race on race day only, as this is to ensure everyone receives the T-shirt that was ordered, and that any extras will then be used to swap out sizes.

Race Number Instructions: Your race packet will contain 2 #'s & a Swim Cap.

- 1) Bike Frame #: The 1st will be a bike frame number and has either self-adhesive strips on the back of it or twist ties. Place this on your bike frame.
- 2) Running Bib #: The 2nd # will be the Road ID run #. Affix this to a race belt, t-shirt, shorts, or running skirt. It must be showing on the front of your person as you cross the finish line.
- 3) Timing Chip (You will pick up race morning): The timing chip is affixed to an ankle strap. Affix this to your left ankle prior to the swim (the picture below shows the right ankle, it's just used as an example), and leave it on for the entirety of the event. A volunteer will collect it from you at the finish line. If you're wearing a wetsuit affix the ankle strap so it is underneath your wetsuit so it will not tear off when you take your wetsuit off.
- 4) Bring your race # to the timing chip tent to pick up your timing chip on race morning. Timing Chips will only be handed out on race morning.
- 5) A swim cap will also be provided for you at packet pickup and must be worn during the swim portion of the event.

COURSE INSTRUCTIONS PLEASE READ

SWIM COURSE: The water temperature is expected to be in the mid to high 70's for the event. A final reading will be done on race morning and announced. Wetsuits are legal

BIKE COURSE: This is a 1 LAP Bike Course. Some sections of the course are closed to traffic, but a neighborhood car may be exiting their property so please keep alert. Some sections are rural roads open to traffic, but intersections and turns will be under the direction of marshal's and police. Always ride on the right hand side of the road and pass on the left. Volunteers will be there to direct you, but please view the course map as you are ultimately responsible for knowing the course. Course maps available at www.Withoutlimits.co

RUN COURSE: The run course is an out and back run along a hard pack dirt road and pavement. The water aid station will be approximately at each mile mark and you will them hit on the way out and on the way back.

GENERAL: Please do not litter the course. Pack out any gels, bars, and water bottles that you have with you on the course. The reservoir and surrounding neighborhoods are very generous to allow us to use their facilities and it would be a shame if it is littered with trash. A trashcan will be provided at the aid station on the run course to dispose of any trash.

Please do not leave any trash behind your transition area after the race, and ensure you have all your gear before you leave.

The timing chip will be passed between your Relay Teammates inside the transition area, at your designated spot. The runner will also be waiting inside transition (again at your teams bike rack location), for the biker to enter and make the switch (Please rack your bike prior to transferring the timing chip to the runner).
